Question 3. Remuneration from non-publicly traded & nonprofit entities outside of UPMC and the University of Pittsburgh
During any 12 month window within the past 12 months through the coming 12 months did you, or in the aggregate with members of your immediate family, receive, or donate, any compensation, equity, or intellectual property from sources not publicly traded or nonprofit entities outside the University or UPMC (excluding formats listed below)?

Your Answer: No
• a federal, state, or local government agency;
• an accredited, non-profit domestic institution of higher education;
• an academic teaching hospital;
• a medical center; or
• a research institute affiliated with an accredited, non-profit domestic institution of Higher Education.

Meals that are included in the registration fees for an event (such as a conference) do not count toward "sponsored" travel expenses, however, the value of accommodations or transportation paid for or on your behalf would count.

For example:

a. If you are reimbursed $2,734 by a nonprofit scientific society for a trip to Brazil in April and you anticipate reimbursement from the same group for about the same amount for another trip in August, then you should answer YES.

Your Answer: No
